SHOW, SHARE, REVIEWS, TESTIFY, OFFER YOUR POINT OF VIEWS

The artist questions the relationship between Men world, on social, aesthetical and ethical issues Each exhibition is also a reflective tool on the role of the art and of artists in society, questioning how and why intuitions, emotions and life leads to creation. How art is the reflection of individual and collective identities.

“Art makes life more interesting than art “(Robert Filliou)

The intercultural space Memory of the Future, located in the contemporary art neighbourhood of Belleville (Paris), is designed as a space for meetings between artists and public. Each month the space (80m2) hosts a contemporary art event (visual arts, video, slam, theater, lectures, performances, concerts, multimedia facilities, etc..) in which are featured sensitive, innovative and artistic works.
